

主 题:	Reviewer Invitation for 2025 IEEE International Conference on Acoustics, Speech and Signal Processing	
发件人:	"Microsoft CMT" <email@msr-cmt.org>	2024-9-13 5:27:05
收件人:	"Shihong Duan" <duansh@ustb.edu.cn>	

Dear Shihong Duan,

Thank you for agreeing to review submissions for ICASSP 2025. We will be using Microsoft's Conference Management Toolkit (CMT) for the paper submission and review process.

In order to enter your information in CMT, please click the link below to confirm your acceptance by 10/3/2024:
<https://cmt3.research.microsoft.com/ICASSP2025/User/AcceptInvitation?uniqueId=e068c9de-2f82-4f16-a7b3-5976042fddf6>.

If you don't have an account on CMT, you will be prompted to create one. Once you do so, please revisit the confirmation link above and accept.

IMPORTANT: Once you accept the invitation, please log in and go to your Reviewer console. You should see a red box which asks you to select your subject areas.

You will need to select one primary subject area, and you may choose multiple secondary subject areas. These selections will be used to match you with relevant papers for review, so it is important that they are completed accurately.

This year, to improve the relevance of papers assigned to you, and the review quality, we will use the Toronto Paper Matching System (TPMS) to help in the assignment of meta reviewers and reviewers to papers. If you don't have a TPMS account, you will receive a separate email with instructions to do so. We strongly encourage you to do so.

While responding to the invitation you have the option of setting the maximum number of papers you wish to review, as well as to provide additional comments.

The deadline for submitting reviews is November 1, 2024. This is a strict deadline. Delays in submitting reviews will cause delays in assembling the program and publications. There must be sufficient time after the review period to allow for an author rebuttal period starting November 15, 2024, and assembling the program before the author notification date of December 18, 2024. The important conference dates can be found here: <https://2025.ieeeicassp.org/call-for-papers/>

You will receive a notification email from CMT once the reviews are assigned and you are able to begin the review process.

All reviewers must accept and agree to follow IEEE Policies. By agreeing to be a reviewer, you acknowledge that you have read and agree to IEEE's Privacy Policy (<https://www.ieee.org/security-privacy.html>).

Please contact mink@conferencecatalysts.com if you have questions about this message.

Thanks,
ICASSP 2025 Technical Program Chairs
